Receive your New Debit Card and PIN

A series of two mailers will be sent to your current address. The first mailer will contain the new Debit Card. The second mailer will follow in three to five days and will provide a randomly assigned PIN (personal identification number). You must have both mailers to properly activate your new Debit Card. If either the Debit Card mailer or PIN mailer is lost or misplaced, you will be unable to activate your Debit Card and replacement card will need to be issued.

- If you currently have your mail forwarded to another address, you must provide an alternative address in order to receive your new Debit Card. It will not be forwarded automatically.

Customize your PIN

In order to protect your account information, a PIN is used with a Debit Card to gain access to your accounts. You may utilize the randomly assigned PIN number provided in the second mailer, or change it to a confidential number of your choosing. Instructions to customize your PIN number are included in the second mailer.
